

Royal Blood - Lights Out

Tom: F

Intro: Dm

Dm

Every time I'm with it alone

It picks me up

You just send me down

I can feel it rushing under my skin

You're a cage won't you let me in?

On my toes

Lock the door

Pretty face

Through the walls

Don't know if I'd be so sure again

Yeeeh, yeeehh My eyes are still burning red

So turn the lights out

You're not so hard to forget

With all the lights out

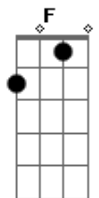

(Dm)

Dm

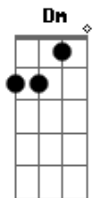

Every time I'm stuck in the ground

Spin me round, won't you spin me round

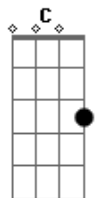

Acordes

You're a void, a crack in the mirror

See me now, if you could see me now

You slipped through

The night

Then walked out

Skin tight

But you don't matter that much to me

No you don't matter that much to me

[Chorus]

Yeeeh, yeeehh My eyes are still burning red

So turn the lights out

You're not so hard to forget

With all the lights out

So turn the lights out

Just turn the lights out

[Chorus]

Yeeeh, yeeehh My eyes are still burning red

So turn the lights out

You're not so hard to forget

With all the lights out
