

# Rubens Cardoso - Cores pro Jazz

tom:

Intro: Am7 Am Bm7 E7

Fiz um banda de Jazz

Em rabiscos de giz

É engraçado te ver

No papel tão feliz

Te amar em crayon

Te tingir em pastel

A tua pele num plágio total

Cravo e mel

Renoir quer o teu matiz

Te desenhar entre flores primaveris

E captar teu olhar

Tua cor teus ardis

Como sonata de Bach

Como o swing de Gil

Numa brisa do mar

Uma lambada de frio

Um Surreal de Dalí

Que não te traduziu

Unicórnios e Chafariz

E o teu olhar na moldura

Dança feliz

Fico amarrado

No alaranjado

Da tua boca

Beijo molhado

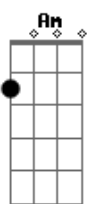

Improvisando ainda

Mais cores pro jazz

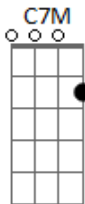

Fico no solo a sombra

Dos teus pés, dos pincéis
