

Ruel - Face To Face

tom:

[Primeira Parte]

I love that new dress you bought
 Yeah you sure look nice
 Heard you liked that new restaurant
 You know I've been there twice
 And the way that you switch up your hair
 All of the moments we've shared
 Strolling the streets back in Rome
 Oh, how I wish I was there
 It ain't fair
 No, it ain't fair
 [Refrão]

I'm in my bed sitting, talking to screens all day
 But I can't seem to say what's on my brain
 But I wonder, I wonder
 If you would feel the same
 If one day we'd meet face to face

[Segunda Parte]

I messaged you yesterday
 Haven't heard back yet

Did I do something wrong
 Or is it something I said
 And it hurts me inside
 Cause it's killing my pride
 To see you reply to all of these other guys
 Tell me why
 Tell me why
 Tell me why

[Refrão]

I'm in my bed sitting, talking to screens all day
 But I can't seem to say what's on my brain
 But I wonder, I wonder
 If you would feel the same
 If one day we'd meet face to face
 [Solo]
 [Refrão]

I'm in my bed sitting, talking to screens all day
 I know you don't even know my name
 But I wonder, I wonder
 If you would feel the same
 If one day we'd meet face to face
