Intro: Gm7 Eb7M Bb
                                                             Don't mean to come off cold
[Primeira Parte]
                                                            I don't want to be alone
I'm waking up my mind
                                                              Bb
                                                            Oh I, Oh I
I'm just trying to kill the silence
                                                             Try to be happy, but it's hard sometimes
                     Eb7M
I'm ripping off the blinds
                                                              Bb

                                                            But life, But life
                                                                                    Bb Eb7M F Gm7
I'm just trying to let some light in
                                                             Just seems to happen right before my eyes
I've been on the road, I've been missing home
