Ruel - Someone Else?s Problem

```
                          tom:
               A

           A                  Bm
It?s scary letting go
  D                 E     A     E
I know, I know, I know, I know
A                Bm
It?s hard to be alone
    D                   E      A
But I know I?ll find a way to cope

Gbm              Bm
I thought I?d be upset
A                     E
I thought I?d have regrets
                  D
Without you in my head

Ooh
A
Every day?s getting better
Dbm
Now the rain finally let up
Gbm
Nobody to stress me out
D
You?re someone else?s problem now
A
Really dodged me a bullet
Dbm
And I can sleep easy knowing
Gbm
Knowing that you?re not around
D                                  A
You?re someone else?s problem now

      Dbm     Gbm
Ooh, ooh, ooh-ooh
Gbm
Ooh
       D               Dm          A
You?re someone else?s problem now
                       Bm
Nothing?s getting overblown
         D                         E       A

No one?s jealous, no one?s crying driving home

Yeah, I won?t miss the way you lied
Bm       D        E               A
And the games you played to get a rise

Gb7             Bm
   I used to be obsessed
    A               E
Now I couldn?t care less
                D
Ever since you left

Ooh
A
Every day?s getting better
Dbm
Now the rain finally let up
Gbm
Nobody to stress me out
D
You?re someone else?s problem now
A
Really dodged me a bullet
Dbm
And I can sleep easy knowing
Gbm
Knowing that you?re not around
D                       Ebm          A
You?re someone else?s problem now
      Dbm
Ooh, ooh, ooh-ooh
Gbm
Ooh
       D               Dm           A
You?re someone else?s problem now
        Dbm
Ooh, ooh, ooh-ooh
Gbm
Ooh
       D               Dm       A
You?re someone else?s problem
             Am        Bm
And whoever you find next
      D                  E        A
Oh I wish, I wish them all the best
