## **Ruelle - Monsters**

```
Tom: A
                                                  The hunt has just begun, oh, oh, oh
                                                  Am
                                                                    Dm
                                                        F
m
Intro: Am F Dm
                                                  Monsters stuck in your head
   Am F Dm
                                                       Dm
                                                  We are, we are, we are
                                                 Am F Dm
Monsters under your bed
             F
        Am
                     Dm
You've got no place to hide
                                                   Dm
     Am
And I'm feeling like a villain
                                                  We are, we are, we are
 F Dm
                                                   Am F Dm
Got a hunger inside
                                                  We are Monsters oh, oh
Am F Dm
                                                    Dm
One look in my eyes
                                                  We are, we are, we are
                                                     Am F Dm
  Am
and you're running cause
                                                  We are Monsters oh, oh
                                                 Am
                   Dm
   F
I'm coming gonna eat you alive
                                                 we never shoot to stun
 Dm
Ah ah ah oh
                                                  Dm
                                                  We're kings of the kill
 Am
           F
                Dm
                                                  Dm
                                                  And we're out for blood
Your heart hits like a drum, Oh, oh oh
Am F Dm
                                                  Am
                                                                   F
The chase has just begun, oh, oh, oh
                                                  We'll take them one by one
                                                  Dm
                                                  We're kings of the kill
Δm
      F
                  Dm
Monsters stuck in your head
                                                  Dm
                                                  And we're out for blood
 Dm
                                                 Am
We are, we are, we are
Am F Dm
Monsters under your bed
                                                  we never shoot to stun
 Dm
                                                  Dm
                                                  We're kings of the kill
We are, we are, we are
 Am F Dm
                                                     Dm
                                                  And we're out for blood
We are Monsters oh, oh
                                                                   E
   Dm
                                                  Am
                                                  We'll take them one by one
We are, we are, we are 
Am F Dm
                                                   Dm
We are Monsters oh, oh
                                                  We're kings of the kill
                                                  Dm
(Am F Dm)
                                                  And we're out for blood
 Am F Dm
                                                  Am F
                                                                    Dm
One misstep, you're mine
                                                  Monsters stuck in your head
                                                   Dm
  Am
                                                  We are, we are, we are
And you better stay clever
F Dm
If you wanna survive
                                                  Am
                                                        F
                                                               Dm
                                                  Monsters under your bed
  Am F Dm
                                                   Dm
                                                  We are, we are, we are
Once you cross the line
                                                   Am F Dm
     Am
You'll be wishing you would listen
                                                  We are Monsters oh, oh
  F Dm
                                                      Dm
When you meet your demise
                                                  We are, we are, we are
                                                    Am F Dm
 Dm
Ah ah ah oh
                                                  We are Monsters oh, oh
   Am
           F
                  Dm
                                                  Am F Dm
                                                 Ah ah ah oh
Am F Dm
Your heart hits like a drum, Oh, oh oh
 Am F Dm
                                                       Ah ah ah oh
