

Ruelle - Secrets And Lies

```
Intro: Am C F Am C F
You got a cold, cold heart
Do you feel it all?
You build a house of cards
But it's gonna fall
You think I don't see
Who you really are
I got news coming
I've seen it all from the start
I know all your secrets
      Am C F
I know all your lies
I know where you keep 'em \,\,
    Am C F
Buried deep inside
No you can't hide
Am C F
Your secrets and lies
Am C F
Secrets and lies
Wish on your lucky stars
'Cause it's all you got
```
