

# Rufus Wainwright - Complainte De La Butte

Tom: F

There are chords and such for this song, but I liked the way the piano plays the bass notes. I wrote this up to emphasize the bass transitions. Once you get the rhythm you may want to change the other parts of the chord.

Also, I'm too lazy to listen to all of the details of the chorus; the same rhythm applies. Play the chords as you like, and find your own bass notes.
