tom:

Intro: D A D G A D E

Sometimes war is killing
 Sometimes it's saving lives
 It's the judgement of faith
 It's nothing that man can dictate
 Corporal Leslie Allen carried them from Tambu

Saved his brothers in arms
 When aura fallen through
 There and back again
 Bull just carried on
 Under fire he carried them off one by one
 There and back again
 Bullets all around

All of the men that he carried away
 Twelve men would now live to see one more day
 His fear held at bay
 As he carried them away
