

Sabrina Carpenter - Dumb & Poetic

tom:
 You're so dumb and poetic
 Its just what i fall for
 I like the aesthetic
 Every self help books
 That you already read it
 Cherry pick lines like the
 Words that you invented
 Gold star for highbrown manipulation
 And "love everyone" its your favorite quotation
 Try to come off like you're soft and well-spoken
 Jerk off to lyrics by Leonard Cohen
 Dont think you understand
 Just cause you talk like one

Doesn't make you a man
 You're so sad theres no communication
 But baby you put us in that situation
 You're running so fast from the hearts that you're breaking
 Save all you breath for you floor meditation
 You so empathetic, you make a great wife
 And i promise the mushrooms aren't changing your life
 Well you crash the car and abandoned the wreckage
 Fuck with my head like its some kind of fetish
 Don't think you understand
 Just cause you act like one
 Doesn't make you a man
 Don't think you understand
 Just cause you leave like one
 Doesn't make you a man
