C
You're so dumb and poetic

It's just what I fall for, I like the aesthetic

Every self-help book, you've already read it
G **Am**
Cherry-pick lines like they're words you invented
C
Gold star for high brow manipulation
G **Am**
And, "love everyone" is your favorite quotation
C
Try to come off like you're soft and well-spoken
G **Am**
Jack off to lyrics by Leonard Cohen

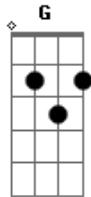

[Refrão]

F **C** **G**
Don't think you understand
F **C** **G**
Just 'cause you talk like one doesn't make you a man

[Segunda Parte]

C
You're so sad, there's no communication
G **Am**
But baby, you put us in this situation
C
You're running so fast from the hearts that you're breakin'
G **Am**
Save all your breath for your floor meditation
C
You're so empathetic, you'd make a great wife
G **Am**
And I promise the mushrooms aren't changing your life
C
Well you crashed the car and abandoned the wreckage
G **Am**
Fuck with my head like it's some kind of fetish

[Refrão]

Don't think you understand
F **C** **G**

F **C** **G**
Don't think you understand

Just 'cause you leave like one doesn't make you a man
