Everybody loves to tell me

I was born an old soul

There's so much that I don't know  
Em C  
Just another hotel room

Never felt so all alone  
Em C  
I think about my granddad's eyes

And they're always sending me home

I can almost hear him now  
C G  
I gotta make him proud

Em C G  
I keep my eyes wide open  
Em C G  
Left this ground unbroken  
Em C  
I'm about to make it my way  
G  
Heaven on me, keep my faith  
Em C G  
My eyes wide open

C G C G  
  
Em C  
I can't see two steps ahead of me

When the fog comes rolling in  
Em C  
I never thought I'll miss the rain

God knows how long it's been  
Em C  
This dream burns inside of me  
G  
And I can't just let it go  
Em C G  
There's still so much that I don't know  
  
Em C G  
I keep my eyes wide open  
Em C G  
Left this ground unbroken  
Em C  
I'm about to make it my way

Heaven on me, keep my faith  
Em C G  
My eyes wide open  
  
C G  
All we have is just this moment

I don't wanna miss a second  
C G  
'Cause it could all be gone in an instant  
C G  
Yeah, an instant

Em C G  
I keep my eyes wide open  
Em C G  
Left this ground unbroken  
Em C  
I'm about to make it my way

My eyes wide open

I'm about to make it my way
