Intro: Gm F Dm Bb

If I ask that boy to jump, I know he would  
He don't even have to say, it's understood  
He treat me nice, he treat me right, he treat me good  
Still I get so hesitant, still I get so hesitant

So I took myself where I think I should be  
Someone told me that he's waiting here for me  
Parisian nights, Parisian hot, Parisian breeze  
Feeding me like medicine, feeding me like medicine, yeah

Won't eve try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA

Won't even try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA  
Yeah, I already have love in LA

If you show me too much love, it makes me leave  
Guess it's one of many things that's wrong with me  
Looking past you when you're right in front of me  
I won't do that anymore, I won't do that anymore  
Why'd it take so long for me to know this?

Scared to put the water with the roses  
Halfway across the world for me to notice  
But I know this, yeah I know this, yeah

Won't even try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA

Won't even try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA

Je ne voulais pas trouver l'amour  
Mais Paris a quelque chose  
Qui donne envie d'aimer, d'aimer passionément  
Mon coeur est à toi pour toujours  
You will always have my heart  
Won't eve try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA

Won't even try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA

Won't even try to compare it  
Thought I was sure that I'd find it  
But I already have love in LA  
But I already have love in LA
