

# Sabrina Carpenter - Right Now

Tom: C

Into: C Am F C

Verse 1:

C Am F C  
 We'll never be as young as we are right now  
 C Am F C  
 We'll never see the world like we do right now  
 C Am F C  
 So take in what's around you, put your camera down  
 C Am F C  
 Take a shot, give it all you got  
 C Am F C  
 I have a way of getting stuck on yesterday  
 C Am F C  
 I tend to miss the little things that come my way  
 C Am F C  
 Always looking forward, always looking back  
 C Am F C  
 They seem so near, but they're not here

Pre-chorus:

Am  
 'Cuz time moves on so quickly  
 F  
 Without or with me  
 Am G  
 I've got to take a breath

Chorus:

C  
 And slow down, slow down, my mind is racing  
 Am F  
 Catch up, catch up, I've gotta pace myself  
 Fm C  
 I'm always wondering, but I don't need to go right now  
 C  
 Let go, let go, we hold our fears too tight  
 Am  
 Begin, begin, to live your life  
 F Fm  
 The present is our future past, we've gotta make this moment  
 last right now

Verse 2:

C Am F C

Have you ever noticed how your heartbeat feels

C Am F C  
 When your love is so exciting, 'cuz it's getting real  
 C Am F C  
 Have you stopped to listen to what's in your soul  
 C Am F C  
 That's your intuition, and it always knows

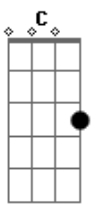

Pre-chorus:

Am  
 Time moves on so quickly  
 F  
 Without or with me  
 Am G  
 I've got to take a breath

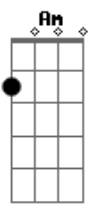

Chorus:

C  
 And slow down, slow down, my mind is racing  
 Am F  
 Catch up, catch up, I've gotta pace myself  
 Fm C  
 I'm always wondering, but I don't need to go right now  
 C  
 Let go, let go, we hold our fears too tight  
 Am  
 Begin, begin, to live your life  
 F Fm  
 The present is our future past, we've gotta make this moment  
 last right now  
 [Bridge]:  
 Am F  
 Right now, right now  
 C G  
 Enjoy the ride, the ride that you're on  
 Am F C G  
 Right now, right now  
 C  
 Let go, let go, we hold our fears too tight  
 Am  
 Begin, begin, to live your life  
 F Fm  
 The present is our future past, we've gotta make this moment  
 last right now
