Tom: G

Em C
I don't wanna buy what they're selling these days
G D Em C G D
Saying feeling and falling is all a mistake, no, no
Em C
And why does everybody look at young hearts filling up
G D Em C G D
Like it's just a matter of time before they break? No, no

Em C
They started saying when you can't hide, run
G D
When you can't run, hide

Em C
Started thinking love's a loaded gun
G D
Nobody wants to fight
Em C
And when did we all stop thinking of the world
G D
Stop spinning in a kiss goodnight?

Em C
And when did our heartbeat beating too fast
G D
Start meaning it was worth the while?

Em C
I wanna, I wanna be loved
G D
I wanna, I wanna be loved
Em C
I wanna, I wanna be loved

G
And I don't wanna run
D
I don't wanna hide

Em C G D

Em C
Traded out our hearts to light a screen, traded out
G D Em C
Holding is to holding back everything, no no.
G D
No, no, oh

Em C
And words got shorter and quiet got longer
G D

D
And all of a sudden love started looking like a memory. No,
no, no

Em C
They started saying if you can't hide, run
G D

If you can't run, hide

Em C
Started thinking love's a loaded gun
G D
Nobody wants to fight

Em C
And when did we all stop thinking of the world
G D
Stop spinning in a kiss goodnight?

Em C
And when did our heartbeat beating too fast
G D
Start meaning it was worth the while?

Em C
I wanna, I wanna be loved
G D
I wanna, I wanna be loved
Em C
I wanna, I wanna be loved

G
And I don't wanna run
D
I don't wanna hide
Em C G D x2

Em C
They started saying when you can't hide, run
G D
When you can't run, hide

Em C
But I'm not gonna be a loaded gun
G D
Oh, a losing fight

Em C
And when did we all stop thinking of the world
G D
Stop spinning in a kiss goodnight?

Em C
And when did our heartbeat beating too fast
G D
Start meaning it was worth the while?

Em C
I wanna, I wanna be loved
G D
I wanna, I wanna be loved
Em C
I wanna, I wanna be loved
