

# Sabrina Carpenter - Smoke And Fire

Tom: D

**Bm** Rumors spread like wildfire, I held a strong ground  
**Gb** But I've been burning down

**Bm** Cause it's like fire is all I hear about

**A** And we are fading out

**Gb** Don't want to turn out the light, but it's like

**Bm** I'm no firefighter

**Em** I just need to breathe tonight

**A** So sound the alarm, and there goes the night

**G D Em Bm** Oh, oh, our love is running into a burning building

**G D Em Bm** Oh, oh, our love is scattered ash with a burnt up feeling

**G D Em** Feel the heat so we started running, you know you saw it coming

**G A** But the memories are still in my mind, burning like smoke and fire

**Bm G A** Secrets in a small town, they always get around

**Gb** But the flame has been put out

**Bm G** And I am hearing all the small talk

**A** They whisper as I walk

**Gb** In a house that's boarded up, so good luck

**Bm** I'm no firefighter

**Em** I just need to breathe tonight

**A** So sound the alarm, and there goes the night

**G D Em Bm** Oh, oh, our love is running into a burning building

**G D Em Bm** Oh, oh, our love is scattered ash with a burnt up feeling

**G D Em** Feel the heat so we started running, you know you saw it coming

Feel the heat so we started running, you know you saw it coming

**G A** But the memories are still in my mind, burning like smoke and fire

**G D** Smoke and fire, smoke and fire

**Em Bm** Don't you know that if there's smoke there's fire

**G D** Smoke there's fire, smoke there's fire

**Em Bm** No, no

**G D** Oh, oh, and now it's over

**Em Bm** Oh, oh, I'm getting colder

**G D** Oh, oh, it's the feeling

**Em Bm** Of running into a burning building

**Bm Em G** Rumors spread like wildfire, I held a strong ground

**A** But I've been burning down

**G D Em Bm** Oh, oh, our love is running into a burning building

**G D Em Bm** Oh, oh, our love is scattered ash with a burnt up feeling

**G D Em** Feel the heat so we started running, you know you saw it coming

**G A** But the memories are still in my mind, burning like smoke and fire

**G D** Smoke and fire, smoke and fire

**Em Bm** Don't you know that if there's smoke there's fire

**G D** Smoke there's fire, smoke there's fire

**Em Bm** No, no

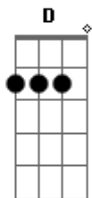

**G D** Oh, oh, and now it's over

**Em Bm** Oh, oh, I'm getting colder

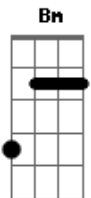

**G D** Oh, oh, I'm so tired

**Bm Em Bm** Burning like smoke and fire
