

Sabrina Carpenter - We'll Be The Stars

tom:

F

We are young, we are gold

Trying things we didn't know

Looking at the sky

See it come alive

All our fears became our hopes

Climbed out every locked window

We rode a lion's mane

And fell upon the rain

We can reach the constellations

Trust me, all our dreams are

Breaking out

No, we're never gonna turn to dust

All we really need is us

Don't be scared or close your eyes

No, we're never gonna die

We'll be the stars

Oh, no, we're never gonna step too

Far

Yeah, we're holding on to who we are

When it's time to close our eyes

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars

Let me in, hold me close

Fill my heart with simple notes

So when it's hard to see

They'll be there reminding me

Take my breath, and hold me high

So I can feel the city lights

Glowing under me

It's on our reach, we're breaking

Out

No, we're never gonna turn to dust

All we ever need is us

Don't be scared or close your eyes

No, we're never gonna die

We'll be the stars

Oh, no, we're never gonna step too

Yeah, we're holding on to who we are

When it's time to close our eyes

They'll see us in the sky

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars

We can reach the constellations

Trust me, all our dreams are

Breaking out

All we ever need is us

We'll be the stars

Oh, no, we're never gonna step too

Far

Yeah, we're holding on to who we are

When it's time to close our eyes

They'll see us in the sky

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars

Ooooh Ooooh Oh

We'll be the stars
