

Saint Motel - For Elise

tom:

When it's tough
 When you get stuck
 You're at the wall
 Of the writer's block
 You need a spark
 A light in the dark
 To get you out of your head
 And into your heart
 (Gm Dm Cm Bb F)
 Taking a walk on the wild side
 Something in the way she moves
 Candle in the wind
 And it's blowing everywhere we go
 All these girls got something going on
 Met in the club her name was Lola
 Champagne tasting Coca-Cola
 In the hands of my loving, oh
 My love does her good
 All us boys need something, that they got
 This one's for Elise
 Norma Jean, Pattie Boyd and Carole King
 Holly Woodlawn, Linda Eastman
 Candy Darling got it started with a song, oooh, ooh
 This one's for Elise, oooh, ooh

(Gm Dm Cm Bb F)
 The muses of the Greeks and Romans
 Steal the immortal beloved Beethoven
 They all lit a spark and you know that they got it going
 Shout out to the girl, over there, in my chair
 Whoah, Elise
 Norma Jean, Pattie Boyd and Carole King
 Holly Woodlawn, Linda Eastman
 Candy Darling got it started with a song, oooh, ooh
 This one's for Elise, oooh, ooh
