

# Sam Hunt - Break Up In a Small Town

Tom: Ab

(com acordes na forma de Capostrate na 1ª casa Intro: Em G )

G  
I knew I'd see her around  
I'd be at some party, she'd show up and I'd be walking out Em  
Across some parking lot, hiding behind her sister D  
I'd look up, she'd be at the red light beside me G  
In that white max with the sticker on the back  
I'd act like I didn't see her Em  
And we'd pay at the same pumps  
Flip through the same stations  
And slow down for the same curves C  
Run around with the same crowds  
We just needed some time  
She could get on with her life and I'd get on with mine D  
Thought I would be fine, but maybe not  
I knew she'd find a way to get over me  
But I'd never thought that

[CHORUS]

Em C  
She would get down with somebody I know D  
I guess that's just how it goes G  
When you break up in a small town D Em C  
I see our friends and they put on a show D  
Like they don't want me to know G D  
So they give me the go-around C G  
But there's only so many streets and so many lights D G D Em  
I swear it's like I can't even leave my house C  
I should have known all along D  
You gotta move and move on  
When you break up in a small town  
G  
For a while I guess they were keeping it low-key Em  
And now it's like these county lines closing in on me  
I see em everywhere together  
And it's getting a little too close to home C  
She's so far gone, but she didn't go far  
She was over me before the grass grew back where she used to

park her car D  
She's leaving those same marks in someone else's yard  
In someone else's arms right down the road  
And I never thought  
[CHORUS] Em C  
She would get down with somebody I know D  
I guess that's just how it goes G  
When you break up in a small town D Em C  
I see our friends and they put on a show D  
Like they don't want me to know G D  
So they give me the go-around C G  
But there's only so many streets and so many lights D G D Em
