                                                                  It is him I love, it is him I love
            [Verso 1]
                                                                  [Ponte]
             Am
Holy Father, we need to talk
                                                                  Ohh, ohh
               Am
I have a secret that I can't keep
                                                                  Oh, I love
                  Am
I'm not the boy that you thought you wanted
{\sf Em} {\sf Am} {\sf G} Please don't get angry, have faith in me
                                                                  Ohh, ohh
                                                                  No, no, I love
[Refrão]
                                                                  Ohh, ohh
                                                                  Em
Say I shouldn't be here but I can't give up his touch
                                                                  I love
                       D
It is him I love, it is him
                                                                  Ohh, ohh
Don't you try and tell me that God doesn't care for us
                                                                  Ohh, ohh
                       B7
It is him I love, it is him I love
                                                                  Him I love
( Am Em D Em )
( Am Em B7 )
                                                                  Ohh. ohh
                                                                  Him I love
[Verso 2]
                                                                  Ohh, ohh
I walk the streets of Mississippi
                                                                  Him I love
I hold my lover by the hand
                                                                  Ohh, ohh
                  Am
                                                                  B7
I feel you staring when he is with \ensuremath{\mathsf{me}}
                                                                  Him I love
                   Am G
How can I make you understand?
                                                                  Holy Father, judge my sins

Say I shouldn't be here but I can't give up his touch
                                                                  Em Am Em
It is him I love, it is him
