

# Sam Smith - I've Told You Now

Tom: G

Am G  
You know what I mean

D Em Bm C G  
It's like walking in the heat all day with no water

Am G  
It's like waiting for a friend

D Em Bm C G  
Watching everybody else meet theirs on that corner

Am G  
Or losing in an argument

D Em Bm C G  
Although you're right can't get your thoughts in order

Am  
Still I refrain  
From talking at you, talking on

Bm  
You know me well

B C  
I don't explain

Em Am  
But what the hell

C G  
Why do you think I come 'round here on my free will?

G D  
Wasting all my precious time

C B  
Oh, the truth spills out

Am C  
Do all I've

B Em Am  
I've told you now

Am G  
You know what I mean

D Em Bm C G  
Although I try my best I still let down the team

Am G  
You're everything I want,

D Em Bm C G  
Why should I resist when you are there for me?'

Still I refrain  
From talking at you, talking on
