

# Sam Smith - I've Told You Now

Tom: G

Am G  
You know what I mean  
D Em Bm C G  
It's like walking in the heat all day with no water  
Am G  
It's like waiting for a friend  
D Em Bm C G  
Watching everybody else meet theirs on that corner  
Am G  
Or losing in an argument  
D Em Bm C G  
Although you're right can't get your thoughts in order

Am  
Still I refrain  
From talking at you, talking on  
Bm  
You know me well  
B C  
I don't explain

Em Am  
But what the hell  
C G  
Why do you think I come 'round here on my free will?  
G D  
Wasting all my precious time  
C B  
Oh, the truth spills out  
Am C  
Do all I've  
B Em Am  
I've told you now

Am G  
You know what I mean  
D Em Bm C G  
Although I try my best I still let down the team  
Am G  
You're everything I want,  
D Em Bm C G  
Why should I resist when you are there for me?'  
Am

Still I refrain  
From talking at you, talking on  
Bm  
You know me well  
G B C  
I don't explain  
Em Am  
But what the hell  
C G  
Why do you think I come 'round here on my free will?  
G D  
Wasting all my precious time  
C B  
Oh, the truth spills out  
Am C  
Do all I've  
B Em Am  
I've told you now  
Bm C G  
I've told you now  
Em Am  
And I've told you now!  
Am Bm C G  
And I've told you now!

Am  
Still I refrain  
From talking at you, talking on  
Bm  
You know me well  
B C  
I don't explain  
Em Am  
But what the hell
