

# Sam Smith - Kids Again

tom:

**G**

**B**  
Can't believe I still avoid the east side  
**Ebm**  
Even though I know that you don't live there now  
**B**  
Lately you're the only thing on my mind  
**Ebm**  
And I can't stop my self on drivin' by your house

**B** **Ebm**  
Ooh, every time I hear a song it kind of hurts me still  
**B** **Ebm**  
And, ooh, even after all this time, I kinda miss you still

I'm wondering

[Refrão]

**E**  
Do you even think about it?  
**Gb**  
The way that we changed the world  
**B**  
And don't it make you sad  
**Gb**  
That we'll never be kids again?  
**Abm** **Gb**  
No, we'll never be kids again  
**E**  
Tell me how you live without it  
**Gb**  
Did som?body change your world  
**B**  
And now you don't look back?  
**Gb**  
'Cause we'll n?ver be kids again  
**Abm** **Gb**  
No, we'll never be kids again  
**E** **Em**  
No, we'll never, never, ever, ever, ever, ever

**B**  
Livin' out of suitcases and hotels  
**Ebm**  
Drinking way too much and talking through the night  
**B**  
Really wish I didn't know you so well  
**Ebm**  
Wouldn't be so hard to leave the past behind

**B** **Ebm**  
Ooh, every time I hear a song it kind of hurts me still  
**B** **Ebm**  
And, ooh, even after all this time, I kinda miss you still
