

Sam Smith - Kids Again

I'm wondering tom: [Refrão] Can't believe I still avoid the east side Do you even think about it? The way that we changed the world Even though I know that you don't live there now Lately you're the only thing on my mind And don't it make you sad Gb And I can't stop my self on drivin' by your house That we'll never be kids again? No, we'll never be kids again Ooh, every time I hear a song it kind of hurts me still Tell me how you live without it And, ooh, even after all this time, I kinda miss you still Did som?body change your world I'm wondering And now you don't look back? [Refrão] Gb 'Cause we'll n?ver be kids again Gb No, we'll never be kids again Do you even think about it? The way that we changed the world No, we'll never, never, ever, ever, ever, ever And don't it make you sad [Ponte] That we'll never be kids again? B Ebm B Ebm Mm, mm No, we'll never be kids again B Ebm Mm I. I. Tell me how you live without it Ebm Did som?body change your world [Refrão Final] And now you don't look back? 'Cause we'll n?ver be kids again Do you even think about it? Gb No, we'll never be kids again The way that we changed the world No, we'll never, never, ever, ever, ever, ever And don't it make you sad Gb That we'll never be kids again? Livin' out of suitcases and hotels Gb No, we'll never be kids again Drinking way too much and talking through the night Tell me how you live without it Really wish I didn't know you so well Did som?body change your world Wouldn't be so hard to leave the past behind And now you don't look back? Gb Ooh, every time I hear a song it kind of hurts me still 'Cause we'll n?ver be kids again Gb And, ooh, even after all this time, I kinda miss you still No, we'll never be kids again No, we'll never, never, ever, ever, ever, ever
