 Throwin' stones is easy for you

Broken bones I'm here for you
 B
 Always, always

G7M
 I can't lie I fear for you

'Til I'm left in tears for you
 B
 Always, always

G7M
 Always the same, you're not to blame
 B
 Always the same, you're not to blame

G7M
 I wanna be the one that you been calling

So it's hurting me to know that you're falling
 B
 Want you to wake up with me every single morning

If you don't then I know I'm not important
 G7M
 I love every single thing about you

When you look at me I start to feel useful

B
 I know that the world it can be brutal

Cos I found that about you on Google

G7M B
 You care, you just haven't seen me cry with your eyes

Cry with your eyes

G7M B
 It isn't fair, that the media is spreading these lies

B
 They're spreading you thin, so thin

G7M
 Don't worry about me

B
 I'll be fine if I have enough time to adore you
 If I don't then I'm guess that I'm a goner

G7M
 Don't worry about me, yeah

G7M B
 All I gotta do is just get rid of your lawyer

B
 He just wants you to himself, he's a liar

G7M
 I wanna be the one that you been calling

So it's hurting me to know that you're falling
 B
 Want you to wake up with me every single morning

If you don't then I know I'm not important

G7M
 I love every single thing about you
 When you look at me I start to feel useful

B
 I know that the world it can be brutal

Cos I found that about you on Google
