tom:
 G
 [Refrão]
 Bbm Boo, I need you around Ab
 The pressures getting way too heavy now Gb
 And you should know that I'm not ready (no) Ab
 Bbm Not good at being alone Ab
 I know you know that I am empty now Gb
 Getting to sleep so very rarely now Ab
 Bbm We on different paths Ab
 I've known that for some time Gb
 Girl this shit's so sad and it's like every night Ab
 Bbm This home just ain't a home Ab
 I know you broke my heart so gently Gb
 How does missing you just feel unhealthy now? Ab
 [Primeira Parte]
 Bbm I could be chillin' Ab
 With a girl that inspires inner brilliance Gb
 Now she's off on her own in the distance Gb
 I can't hit her on the phone for assistance Ab
 Though I've been wishing Bbm
 This could be different Ab
 I ain't got time to be ignorant Gb
 But I can't cut you off like Vincent Gb
 So I try my best to keep distant Ab
 Fight off the system Bbm
 That makes me the victim (uh) Ab
 It's like a fall of a kingdom Gb
 Held it up but its now just a prison Gb
 I can't leave my house without missing Ab
 All of our visions Bbm
 This is a sickness Ab
 Or am I just a witness Gb
 Or could I put an end to this business Gb
 Tie my shoes and walk out of this stillness Ab
 Ain't got the fitness (no)
 [Pré-Refrão]
 Bbm I don't need a lot Ab
 I just want the best now Gb

This been at my neck now Gb
 I've been feeling low Ab
 Bbm Hate the way it's gone Ab
 My life's such a mess now Gb
 Can't deal with the stress now Gb
 I've been feeling... Ab
 [Refrão]

 [Segunda Parte]
 Bbm Bottling up all of my own soul Ab
 Getting over it (I don't know) Gb
 Imma be straight Gb
 This ain't been great Ab
 It feels like I'm dying but it's so slow Bbm
 Waking me up with that "morning boo" Ab
 Thinkin' 'bout that and I feel so blue Gb
 Maybe I'll wait Gb
 And this is just fate Ab
 Or am I just sitting in my own tomb? Bbm
 This ain't my life Ab
 And it's not right Gb
 I'm thinkin' 'bout you all of my night Gb
 I wanna catch flights Gb
 But I don't like Ab
 The fear to fall or what that ignites Bbm
 You were type Ab
 Not one of my stripes Gb
 I think of you and I get good vibes Gb

At least before you went of out of sight (yeah)
