Bags all packed, make sure you remember everything

What's a goodbye good for, anyway?

But something 'bout you tells me that you know, oh oh

Chorus:

[VERSE 4] - Igual [VERSE 1]

Hide all your photographs
But I can feel you watching me
How long does your memory last?
It's time I ought to be
Moving on and getting over you
I bet it looks like I'm not even trying to

Here all alone, my past on the walls

[VERSE 5] - Igual [VERSE 2]

With nothing left of you to remind me
So why are you still standing behind me

[VERSE 6] - Igual [VERSE 3]

I'm trying hard to forget you
But my empty walls won't let me let you go
When you took it all, you forgot your shadow
You say you wish me well without you
But something 'bout you tells me that you know, oh oh

[CHORUS]

When you took it all you forgot
Your shadow, your shadow
When you took it all you forgot
Your shadow, your shadow, your shadow, oh oh

Verse 7:

C
It's always there, too close, too much
D
The shape of something I can't touch
Em D G
I turn, and find the shadow's grown
C
Those empty eyes I begged to stay
D
Are watching me from yesterday
Em D C
You can leave me, can you leave me alone?

[VERSE 8] - Igual [VERSE 3]

I'm trying hard to forget you
But my empty walls won't let me let you go
Let me go
You say you wish me well without you
But something 'bout you tells me that you know, oh oh

[CHORUS]

When you took it all you forgot
Your shadow, your shadow
When you took it all you forgot
Your shadow, your shadow, your shadow, oh oh

[CHORUS]

When you took it all you forgot
Your shadow, your shadow

Bags all packed, make sure you remember everything
