[Primeira Parte]

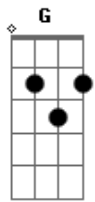

D  
 Vida  
 A quem nos foi concebida  
 Muito menos resolvida  
 Outorgada a desatenção  
 Vida  
 Que nos livre do fracasso  
 E nos pegue pelo braço  
 Indicando outra direção  
 Vida  
 Basta se juntar à vida

Am D7  
 Suburbana essa ferida  
 Parece ser de ocasião  
 Vindo  
 Sempre no mesmo compasso  
 Riscando tamanho traço  
 Da fome com a força do chão  
 Am7 D7 Am7  
 Digo apenas não à violência  
 Ao racismo, à pobreza  
 Na certeza que essa vida vai mudar  
 Ou não vai continuar  
 A dor é que tudo é infinito  
 Solução almejada por aflitos  
 Ilusão pálida, fria, sem cor, sem chão  
 Pálida, fria sem cor, ou não
