

Samba do Congo - Hino do Samba do Congo

tom:

Dm

Dm A7 Dm

Vou entoar meu samba com amor e verdade

E mostrar a obra e seu valor

Cantando a alegria de viver

Exaltando o compositor

Sangue paulistano nascido no terreiro

Samba do congo fruto brasileiro

Compondo que eu encontro inspiração

Transformo a crença em religião

Eu agradeço ao criador

Escrevo com amor, pois tenho esta missão

Unindo a letra com a melodia

Transformando em poesia com muita satisfação

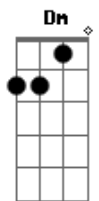

O canto vem abençoar

Quem cantar e faz cantar se torna mais feliz

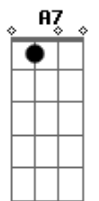

Tenho respeito às comunidades

Que defendem com vontade nosso samba de raiz
