

# Same Bloods Cocktail - Both

tom:

Intro: A G C F D G A  
A G C F D G

A  
Baby you know

We both have love that wants to grow

So strong One day

We prefer to say

That's nothing wrong in feelings going away

There is nothing wrong to break up today

If you

Hid your love and felt yourself

So bad so right

Tell me how to shine

If you gave me no love, no light

Cos you gave me no love to fight

Please check this sound

You write it, you sing it, you hear it, you love it

Look yourself around

A song can be heard by both sides

Check this sound

You write it, you sing it, you hear it, you love it

Look yourself around

Make your peace and give yourself a sign

To see the world and search the one

That fills my mind

And there is love to find

To believe in something to pride

I leave and live to find it. I tried

But I see

We are love sicks, love weak, love blinds

We need to cure ourselves

We need to walk some steps behind

To see we're wasting much precious time

( A G C F D G A )  
( A G C F D G )

A  
Baby I know

## Acordes

To make our peace with ourselves

Is the key

We prefer to see

That's all right. It's fine to be free

But there is a huge mystery for me

If you

Hid your love and felt yourself

So bad so right

Tell me how to shine

If you gave me no love, no light

Cos you gave me no love to fight

Please check this sound

You write it, you sing it, you hear it, you love it
