

# San Cisco - Too Much Time Together

Tom: **D**

**D**  
You don't know any of my friends

**D**  
We're better off without them

**G**  
I'm trying to keep up with the latest trends

**G**  
You pulled me up so quick that I got the bends

**D**  
This must be love

**D**  
You're the only one that I'm thinking of

**G**  
People say that we don't need to rush

**G** **A**  
I don't care, you're my first crush

**D**  
We spend too much time together

**Bm**  
I wanna be with you forever

**G**  
But we need space

**A**  
You should stay at your place

**D**  
Hey look honey, yeah there's the moon

**D**  
This is gonna be over soon

**G**  
So many of the things you do

**G**  
Annoy me like they never used to

**D**  
Your touch used to be loving

**D**  
Now it just feels smothering

**G**  
Something changed, no one's to blame

**G** **Bm**  
I try to talk it out but I don't think you want to

**A** **D** **Bm**  
So many things inside

**G** **A**  
So many dark secrets you don't want me to find

It doesn't help that

**D**  
We spend too much time together

**Bm**  
I wanna be with you forever

**G**  
But we need space

**A**  
You should stay at your place

**D**  
We spend too much time alone

**Bm**  
When we're not together we talk on the phone

**G**  
Yeah, we need space

**A**  
You should stay at your place

**D**  
I wrote you a letter

**D**  
I don't know why but it makes me feel better

**G**  
I haven't seen you for a year

**A**  
And I just wanna make one thing clear

**D**  
We spend too much time together

**Bm**  
I wanna be with you forever

**G**  
But we need space

**A**  
You should stay at your place

**D**  
We spend too much time alone

**Bm**  
When we're not together we talk on the phone

**G**  
Yeah, we need space

**A**  
You should stay at your place
