

Sandro Cavazza - Love To Lose (feat. Georgia Ku)

tom:

Am

Some days I really wanna hate you
 'Cause you always know just what to say
 By now I know the words to break you
 And you know what breaks me too

When things get heated
 We say things we don't mean then
 Though we know they ain't true
 Say you're leaving
 Get careless with our feelings
 What's the worst we can do?

I didn't tell you all my secrets just to pull my heart out
 I didn't take you to my family just to show you the house
 I didn't work this hard to get this far then leave it so soon
 I didn't love to lose somebody like you

(Love to lose somebody like you)

Some nights we're closer than ever
 Sometimes we're running out of space
 When we're high it can't get any better
 Until we come down again

Things get heated
 We say things we don't mean then

Acordes

Though we know they ain't true
 Say you're leaving
 Get careless with our feelings
 What's the worst we can do?

I didn't tell you all my secrets just to pull my heart out
 I didn't take you to my family just to show you the house
 I didn't work this hard to get this far then leave it so soon
 I didn't love to lose somebody like you
 Somebody like you
 Somebody like you

Things get heated
 We say things we don't mean then
 Though we know they ain't true

I didn't tell you all my secrets just to pull my heart out
 I didn't take you to my family just to show you the house
 I didn't work this hard to get this far then leave it so soon
 I didn't love to lose somebody like you

Somebody like you
 Somebody, somebody like you
 Somebody like you
 Somebody, somebody like you
 I didn't love to lose somebody like you
 Somebody like you
