Sandy e Junior - I Wanna be where you Are

```
Tom: Bb
Intro: Bb F Eb (2x)
                                                                    Mad fun in the summer sun
                                                                               Cm
 (Bb F Eb)
                                                                    Cos we?re gonna do it right
It?s Monday morning
                                                                    Eb
                                                                                    Gm
                                                                     I?m all about you, girl
And I can?t get outta bed
Though I know, that I gotta go
Rather dream of you instead
                                                                           Cm
                                                                    And I know you?re all about me

                                                                    Eb
                                                                                   Gm
Just so I can hear your voice
                                                                    Twenty -four seven
Gm
                                                                      Cm
Can?t wait or hesitate
                                                                    I need you constantly
       Cm
                                                                    Fb
You?re leavin? me no choice
                                                                    Girl, don?t you know that?s the way it should be
Eb
                Gm
                                                                    CHORUS
Keep it on the down low
 Cm
                  F
I try to play it cool
                                                                    Fb
Eb
                Gm
                                                                    Ain?t no lover like the one I got
Keeps gettin? stronger
                                                                         Gm
      Cm
                                                                    She keeps it real, she keeps it hot
And I know you feel it too
                                                                          Cm
                                                                                                      Bb
                                                                    This kinda love could never be bought
Fb
Don?t you know, baby, I?m crazy for you
                                                                    Eb
                                                                    Ain?t no reason we should ever part
CHORUS:
                                                                           Gm
(<mark>Bb F Eb</mark> )
Monday, Tuesday, Wednesday, Thursday
                                                                     She?s got my back , she?s got my heart
                                                                     Cm
Only thinkin? of you
                                                                    She?s the sun, the moon and the stars
Friday, Saturday, Sunday, girl, you?re all I wanna do
Winter, Summer, Spring or Fall
                                                                     (C G F)
                                                                    Oh yeah, oh yeah
Oh yeah, oh yeah
I feel ya all the year through,
     Gm
I?ll take a plane, I?ll take a car
                                                  (Bb F Eb ) 2x
                                                                    (C G F )
       Cm
                                                                     Monday, Tuesday, Wednesday, Thursday
I just wanna be, oughta be, gotta be where you are
                                                                     Only thinkin? of you
(Bb F Eb)
                                                                     Friday, Saturday, Sunday, girl, you?re all I wanna do
It?s Friday evening
                                                                    Winter, Summer, Spring or Fall
And I finally made it through
                                                                     I feel ya all the year through,
Runnin? every red light
                                                                          Am
Just to get to you
We?ll take our time, girl
                                                                    I?ll take a plane, I?ll take a car
                                                                                                                        CFG
'Til we see the morning light
                                                                     I just wanna be, oughta be, gotta be where you are
