

# Santana - Feels Like Fire

Tom: E  
Intro:

1st VERSE:

"I'm telling you it's over,

Now there's an angel  
Holding me  
My way's easy

Even if you're fallen

Oh you're struggling

There's still beauty  
In what we do".

PRECHORUS:

"So qué será  
Let's go sailing on  
There's a wise man

In every fool".

CHORUS:

"I say come back,

Come in from the cold,  
Into the warm,

I feel like fire,  
Guiding you back home,

As darkness falls".

2nd VERSE:

"So everyone stands in line,

Cos they wanna stay alive,  
To wait alone,  
No dog no bone,

And then you find it's over,

Still it tears your heart,  
To slip away,

From the crowd".

"But if you have,  
What it takes,

To return to where,

All the world,

Knows your name".

2nd PRECHORUS:

"Then qué será, let's go sailing on,

There's a wise man, in every fool".

2nd CHORUS:

"I say come back, come in from the cold,  
Into the warm".

"I feel like fire, guiding you back home,

As darkness falls".

"I say come home, leave it all behind,

And settle down".

"I feel my love, can give me what I want,

For all time".
