

Sara Bareilles - City

Tom: G
Intro: Em C (4x)

There's a harvest each Saturday night
At the bars filled with perfume and hitching a ride
A place you can stand for one night and get gone
It's clear this conversation ain't doing a thing
Cause these boys only listen to me when I sing
And I don't feel like singing tonight
All the same songs

CHORUS

In these deep city lights
Girl could get lost tonight
I'm finding every reason to be gone
Nothing here to hold on to
Could I hold you?
Intro: Em C x 4

The situation's always the same
You got your wolves in their clothes whispering Hollywood's name
Stealing gold from the silver they see

But it's not me

CHORUS

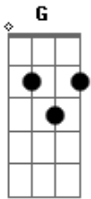

In these deep city lights
Girl could get lost tonight
I'm finding every reason to be gone
Nothing here to hold on to
Could I hold you?

Calling out somebody save me I feel like I'm fading away
I'm I gone?
Calling out somebody save me I feel like I'm fading?
Intro: 2 : G C Em D x4

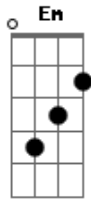

CHORUS

In these deep city lights
Girl could get lost tonight
I'm finding every reason to be gone
Nothing here to hold on to
Could I hold you?
Final: Em C Em C
