

# Sara Não Tem Nome - We Were Born Dead

Tom: C

We were born in the farm  
 We were born together  
 We were born dead  
 We were born dead  
 Father and mother sing songs every night

Father and mother sing to me every night  
 Sleep my son  
 Sleep my little  
 Tomorrow is another day  
 And a new sun will be born  
 And a new sun will be born
