

Sarah Mclachlan - Dont Give Up On Us

```
tom:
               Ab (forma dos acordes no tom de G )
Capostraste na 1º casa
           D
Love has taken me for a fool
Gotten out in time to save himself
Should've known better but I'll let things slide
I took you for granted
That you'd always be
 Em Bm
The one for me
Maybe I'll start trying
Oh, baby, don't give up on us
I know your heart is full of doubt
You don't need to be without
            G
These loving arms
That will hold you through your darkest hour
I'll be using all my power
      Em Bm
So I can reach you
C G Am
Oh, my love, don't give up on us
Am I living alone here
Or have I turned to dust
It hurts, it hurts to wait for just a little love
     D
You must give me a sign now
Can't you see me standing here
Alive and well with all the hope you'll be
   Em Bm
```
