

# Sarah Mclachlan - Ilusions Of Bliss

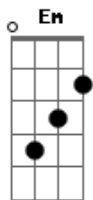

tom:  
 D  
 Here I go again  
 Em A  
 Back into your arms  
 D Bm Em A  
 What ever happened to resolve?  
 Bm G Em  
 For though I thought that I was strong  
 A G D A  
 That I could carry on awash in the illusion of this bliss  
 D D  
 Here I go again  
 Em A  
 Back into the flame  
 D Bm Em A  
 Like a moth so willing to be burned  
 Bm G Em A  
 A little touch, a little taste, the pheromones embrace  
 G D A  
 And I get weak with every breathe I take  
 Bm G  
 'Cause it's you who released me  
 D A  
 It's you who gave me fire  
 Bm G Em  
 Oh! And now it's impossible to grow  
 Em D G A  
 Without breaking stride  
 D G A  
 I get so high  
 G D  
 Take me out beyond the incline  
 G D

Make it past the former fault line  
 E G  
 For today I let the moment win  
 D D  
 Here I go again  
 Em A  
 Saying things I shouldn't say  
 D Bm Em A  
 Just so I can hear them back from you  
 Em D G D  
 Oh! I know, I shouldn't stay, I should be on my way  
 G D A  
 Back to a place I know is real  
 Em D  
 But the lines are getting blurred  
 G D  
 My conscience wont be heard  
 G D A  
 Awash in the illusion of this bliss  
 Bm G  
 And it's you who released me  
 D A  
 It's you who gave me fire  
 Bm G Em  
 Oh! And now it's impossible to grow  
 Em D G A  
 Without breaking stride  
 D G A  
 I get so high  
 G D  
 Take me out beyond the incline  
 G D  
 Make it past the former fault line  
 E G  
 For today I let the moment win
