

Saraswati - Dark Side

tom:

G

Baby when you call my name

I'm just go to your home

When you say I'm your baby

I feel like a lady

And I feel so good

But when you go

And you want to be alone

I just want to cry

Cause you not here anymore

Baby, can't you see your bright and your talent too?

You are the best in everything you do

Can't you see the sunny day outside?

Em Dm Em F G Am B
Can't you be mine? My baby too

Dm
Your reality not match mine?

Cause you're insane inside

It doesn't matter

If it's wrong, I don't wanna be right
