

Sasha Sloan - Santa's Real

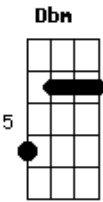

tom:
 A
 I used to believe in magical creatures
 A Dbm
 I'd meet Prince Charming with all the right features
 D E
 And ride off in the sunset on a horse
 D E
 That's before I knew about divorce
 A Dbm
 When I would go to sleep, I'd always say, "Mom
 A Dbm
 Keep the door open and please leave the light on"
 D E
 'Cause I thought monsters lived under the bed
 D E
 That's before I knew they walk the streets instead
 A Dbm
 I wanna live in a world
 D
 Where people don't get hurt
 E
 And everybody's got enough money
 A Dbm
 Where nobody ever gets sick
 D
 Or has to skip a meal
 E A
 I wanna live in a world where Santa's real
 A Dbm
 I used to think superheroes existed
 A Dbm
 If there was smoke in the sky, they'd come fix it
 D E
 'Cause good guys always won in the end
 D E
 But that's before I knew that it was all pretend
 A Dbm
 I wanna live in a world
 D

Where people don't get hurt
 E
 And everybody's got enough money
 A Dbm
 Where nobody ever gets sick
 D
 Or has to skip a meal
 E A
 I wanna live in a world where Santa's real
 (Dbm D E)
 A E
 I used to be young and naive
 D E
 Until I saw things I couldn't unsee
 A Dbm
 I wanna live in a world
 D
 Where people don't get hurt
 E
 And everybody's got enough money
 A Dbm
 Where nobody ever gets sick
 D
 Or has to skip a meal
 E
 I wanna live in a world
 A Dbm
 Where things I believed as a kid
 D
 Actually exist
 E
 And everybody's good to each other
 A Dbm
 Where nobody ever gets drunk
 D
 And gets behind the wheel
 E
 I wanna live in a world
 A D
 Live in a world
 D E A
 I wanna live in a world where Santa's real
