

Sasha Sloan - The Only

Tom: E

m

I can't be the only one

Who's lonely tonight

I can't be the only one

[Primeira Parte]

Who's drinking by myself

Wishing that I was somewhere else

Talking to the voices in my head

Because at least they're listening

Right here's an easy place to hide

I stay in bed and shut the blinds

Don't even know where I would go

[Refrão]

But I know that there's gotta be somebody out there

There's gotta be somebody somewhere

Who needs company

And it's comforting to know

I can't be the only one

Who's lonely tonight

I can't be the only one

[Segunda Parte]

One with nobody to call

This city makes me feel so small

A million people in this town

But I could scream without a sound

So I get high to pass the time

Talk to someone I met online

To make myself feel less alone

[Refrão]

'Cause I know that there's gotta be somebody out there

There's gotta be somebody somewhere

Who needs company

And it's comforting to know

I can't be the only one

Who's lonely tonight

No, I can't be the only one

(Em D C Am)

(Em D C Am)

(Em D C Am)

(Em D C Am)

[Pré-Refrão]

No, I can't be the only one

Who's lonely tonight

No, I can't be the only one

Who's lonely

No, I can't be the only one

The only
