

Sasha Sloan - Version Of Me

Tom: E

m

Can you love, can you love

Can you love the version of me

I don't let, I don't let

I don't let anybody else see?

When I choke, when I choke

When I choke would you try and help me breathe?

Can you love, can you love

Can you love the version of me?

[Primeira Parte]

That isn't happy all the time

I get outta my head, get outta my mind

Can't get outta bed sometimes

And when I look at myself as if might cry

'Cause I got some trauma

Some family drama

Just thought I'd warn you

[Pré-Refrão]

You have a hard time making sense of this

I'm the most lowkey masochist

The wrong place if you're looking for heaven

So I got one question

[Refrão]

Can you love, can you love

Can you love the version of me

I don't let, I don't let

I don't let anybody else see?

When I choke, when I choke

When I choke would you try and help me breathe?

Can you love, can you love

Can you love the version of me?

(That isn't happy all the time

That's gonna wanna stay the night)

(D C)

[Ponte]

Maybe it's just something in my brain (in my brain)

Maybe it's the way I was raised (oh)

I wouldn't blame you if you tried to walk away

But I want you to stay

Yeah, I want you to stay

I just got one question

[Refrão]

Can you love, can you love

Can you love the version of me

I don't let, I don't let

I don't let anybody else see?

When I choke, when I choke

When I choke would you try and help me breathe?

Can you love, can you love

Can you love the version of me?

[Segunda Parte]

That's gonna wanna stay the night

I get outta my head, get outta my mind

Can't be on my own sometimes

I don't even need bait, and I'll probably bite

'Cause I got some trauma
