

# Sashamon - Jah Roots

Tom: A

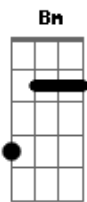

Send jah roots down  
 Then we gonna grow  
 Send jah roots down  
 And reach to the sky  
 Oh great wind carry the voice of jah  
 So we may hear the song of beauty  
 I wanna hear that song got to hear it  
 So I can sing that song so the river sparkles to the sea  
 To the speaker of lessons reveal the knowledge of jah  
 So we may reap all jah beauty  
 Let jah truth be known we are not alone

We are one under jah sun  
 Jah roots make ya feel so nice  
 Jah roots make ya move your body  
 Jah roots put em in the ground  
 and the evil no where to be found said  
 jah roots play them day and night  
 it's the rhythm that's gonna make it right  
 jah roots is what we need so lets get down lets get dirty  
 send jah jah roots down for all mankind  
 to the builders of this mankind society lets send down jah roots  
 food for all love for all beauty for all for all for all  
 send jah roots down
