Bbm

Into the night

Fm

My long suffering friend

Bbm

We'll be reborn again

Fm

Right here where everything ends

Bbm

Face to the sky

Fm

A trail of smoke in the air

Bbm

Pass into emptiness

Fm

New life's awaiting you there

Ebm

Slave to some wretched old

Fm

Imagination of yesteryear

Ebm

Now all that grows in the skulls

Fm

Of the living are flowers of fear

Bbm

The morning red

Fm

A sun-god calling you back

Bbm

Down through a thousand years

Fm

White embers whistle and crack

Ebm

Await the dawn with her kiss of redemption,

Fm

My firebird!

Ebm

You were the queen of the souls of all men

Fm

Before there was the w-o-r-d
