

Saybia - Angel

Tom: D

m (forma dos acordes no tom de Am)
Capostrate na 5ª casa

It's not the world that's out of order
It's me, it's me

Guess I ran along my borders
Just to see, just to see

If a friendly face would drop by and rescue me
But I lost my faith as I lost my way

It's not the street that's made of concrete
It's you, it's you

Guess I try to penetrate it with this point of view
I had never taken more than I give to you

I was led astray and I lost my way
Never felt so alone

Stripped naked and cold to the bone
Lost my faith being high on my own

With no queue by the door to my home
It's not the light that casts the shadow
It's doubt, it's doubt

As a melancholic sorrow came about, came about
I had never fought as hard though as I do for you
I'm not getting strong to prove I'm wrong

Never felt so alone

Stripped naked and cold to the bone
Lost my faith being high on my own

With no queue by the door to my home
And god sent an angel

An angel
She's an angel

An angel
(Em C Am D)

Never felt so alone
Stripped naked and cold to the bone

Lost my faith being high on my own
With no queue by the door to my home

God sent an angel
Sent an angel

She's an angel
An angel

She's an aaaa... an angel
It's not my life that's obsolete
It's youth, my youth

Guess it took a while for me to see the truth, see the truth
I got stuck in minor details so I missed the point
I got so much more than I bargained for
