

SayWeCanFly? - Driftwood Heart

Tom: G
Intro: G Bm Em D A7

G
I've got skin and I've got bones
Bm
Built to hold your body close
Em D
Built to shell a driftwood heart
A7 Em
Made out of stone
G
Trace my tongue along your hips
Bm
Planting flowers with my lips
Em D
Carving hearts inside your palms
A7 Em
With empty fingertips
D Em
But I'm feeling so alone
G
Wishing you would just come home
Em
Because it's getting dark
A7
And all I have is time
C
And time may be the death of me
G
But time will never get the best of us

D
With a tear
Em
I say goodbye
D C
And watch the moonlight
G
Leave your eyes
D
Kiss me dear
Em
One more time
D C
Take my hand
G
And hold it tight

(Bm Em D A7)

G
Broken stitches in your back
Bm
Where your wings were once attached
Em D
And the devil in your veins
A7
To keep you company
G
Lay your skull across my chest
Bm
Burn your flesh into my flesh
Em D
Painting raindrops with your blood

A7
Until it's all been bled
Em
But you're feeling so alone
Em
And wishing I would just come home
G
Cause it's getting dark
A7
And all you have is time
C
And time may be the death of you
G
But time will never get the best of us
D
With a tear
Em
I say goodbye
C
And watch the moonlight
G
Leave your eyes
D
Kiss me dear
Em
One more time
C
Take my hand
Em
And hold it tight
G
Oh what a tangled web we weave
G
With our lustful bursting at the seams
A7 C
This driftwood heart is only yours
G
But I'm drifting from the shore
D
And with a tear
Em
I say goodbye
C
And watch the moonlight
G
Leave your eyes
D
With a tear
E
I say goodbye
C
And watch the moonlight
G
Leave your eyes
D
Kiss me dear
Em
One more time
C
Take my hand
G
And hold it tight.
