Laia La Laia La Laiá laia Laia

Estou a recordar, sob algum luar sonhei...

Perfeita, ela...

devaneio, quase como devoção

Fui liberdade, proteção

Servir amor, apoio e abrigo para aquela

Esta essência me fez voar, aprisionou-me e fez chorar

Descontente eu me via no breu

A magia amanheceu, e o dia transpareceu

Choro meu, ombro seu

Mas a vida se fez girar, encontrei-me num patamar

De onde enxerguei ela vindo até mim

Entregou-se tão explosiva, sem meiguice era tão nociva

Que a imagem sonhada destruiu-se enfim

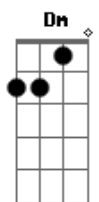

Fragments do que passou, firmamento que desabou

Com ela o deserto em meu coração

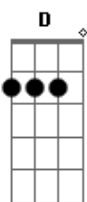

A magia amanheceu e a noite ebaneceu,

Ombro meu, choro seu Ah.... =>Introdução
