The bus is waiting right outside  
To hit the road and once again  
I leave you all behind  
I chase another dream tonight  
And by the time you'll be home  
I'll be far away  
Nothing seems to last forever  
It's time to go  
A moment in a million years  
Is all I've got for you  
A moment in a million years  
To make some dreams come true  
A moment that I won't forget  
Until the day I die  
A moment in a million years  
Called life
