

## **Scorpions - Humanity**

```
And you don't see it
Intro:
                                                                               Gb
                                                                  You don't believe it
Verso:
                                                                        Db
                                                                  At the end of the day
      Dbm
     Humanity
                                                                        Db
     Auf wiedersehen
                                                                  You're a needle in the hay
                                                                                 Gb
     It's time to say goodbye
                                                                  You signed and sealed it
     The party's over
                                                                  And now you gotta deal with it
                                                                    A B
            Gbm
     As the laughter dies
                                                                  Humanity
        Ab
                                                                    Α
     An angel cries
                                                                  Humanity
(dedilha até aqui, depois toca mais forte)
                                                                          Db Db Db Db
      Dbm
                                                                  Goodbye
                                                                          Db Db Db
     Humanity
                                                                  Goodbye
     It's au revoir to your insanity
     You sold your soul to feed your vanity
                                                                  Run and hide there's fire in the sky
               Ab
                       Dbm
     Your fantasies and lies
                                                                  Stay inside
                                                                                    В
                                                                  The water's gonna rise and pull you under
Refrão:
                    Db
                                                                                               Gb
     You're a drop in the rain
                                                                  In your eyes I'm staring at the end of time \ensuremath{\mathsf{I}}
              Db
                                                                               В
     Just a number not a name
                                                                  Nothing can change us
                  Gb
                                                                              Ab
     And you don't see it
                                                                  No one can save us from ourselves
                  Gb
     You don't believe it
           Db
     At the end of the day
                                                            E|---12 / 16--14------14--17---17--16--14-
              Db
                                                             -16-----
     You're a needle in the hay
                    Gb
     You signed and sealed it
                                                                  You're a drop in the rain
                     Gb
     And now you gotta deal with it
                                                                           Db
                                                                  Just a number not a name
