

# Scorpions - We Were Born To Fly

Tom: D

(com acordes na forma de Capostrate na 2ª casa C )

Am  
Hello again

You've been alone awhile  
Em F G

And I can use a friend  
Am  
Your shades are down

And I've been waiting here for you to come around  
Em F G

And it's not about forgiveness  
Am F  
Cause it's all about the love anyhow  
Am Em

G Am

We were born to fly

To reach beyond the sky  
F

To carry on forever after  
Em  
You and I  
G Am  
You keep my faith alive

With you I'm not afraid  
F

To rise and fall and face disaster  
Em  
You and I  
G Am  
We were born to fly

( Am )  
Take another breath  
[...and so on...]  
Just close your eyes my love let nature do the rest  
Open up your wings  
And with the wind we'll rise above to higher things  
We'll forget about tomorrow  
And we'll live another day today

We were born to fly...
